# TEACHING AND LEARNING FOR A SUSTAINABLE WORLD

A Systems Thinking Approach–Level 1 Certification

**GREENGATES SCHOOL, MEXICO CITY**  
October 3-4, 2025 8:30 am – 4:30 pm

Join educators from across the region for this engaging two-day Compass Education flagship course. Learn to apply systems thinking tools that empower students, deepen sustainability learning, and support school-wide transformation.

## This workshop is ideal for:

- Teachers of all grade levels and subject areas
- School leaders seeking to lead systemic change
- Educators aiming to connect classroom practice with global challenges

## Participants will:

- Explore key tools like the Compass, Iceberg, and Loops
- Strengthen understanding of sustainability in education
- Apply systems thinking to real classroom and school contexts
- Become eligible for Compass Education Level 1 Practitioner Certification

Cost:

**\$200 USD**  
per person
